LTТА IN PRAGUE, MAY 2024

Greece (Odyssea)

The Greek's Team Experience in Prague:

In May 2024, the Learning, Teaching, and Training Activity (LTТА) of the "On My Feet" project was organized in the city of Prague, uniting teams from various European countries. Members of the Greek team participated in this inspiring event alongside trainers, youth workers, and project managers from different organizations across Europe. The week was filled with dynamic, hands-on sessions built around the project's key modules: collaboration, cooperation, communication, and critical thinking. The training

included interactive games, group activities, creative tasks, and time for reflection. All sessions were designed to help participants explore and understand the main themes.

The Greek team brought perspectives from the national educational system and local practices in Greece, participated actively in both discussions and activities, and shared insights and suggestions to support the development of the training materials. Hearing the perspectives of the partner organizations was particularly insightful, as each contributed valuable approaches influenced by their local contexts. The training sessions were highly beneficial, providing practical tools and methodologies that can be applied within various educational and youth work settings. The overall environment of the LTTA was

warm, inclusive, and inspiring, creating the perfect setting for collaboration and mutual learning.
